Function in the kitchen, the extra high powered burners, central gas burner or elongated fish burner are just what’s required to produce a whole array of freshly cooked food for special occasions. There is a special gas super wok burner on all models, which is perfect for Asian style stir-fries that require controlled instant high heat. ILVE’s optional ribbed griddle plate, can produce mouth watering seared indoor Barbecued treats just as impressive as the dishes in Australia’s best restaurants.
**Please note:** If you are installing this product with routered edges, we recommend you ONLY ever use the actual product as a guide.
