ILVE's Combination Microwave oven allows you to cook in a microwave oven with a grill, oven functions, or as a combination of the different methods of cooking.

The combination between the microwave and traditional cooking systems provides for example a reduction of execution times and therefore energy savings (compared to traditional ovens), obtaining the same results of cooking but in a reduced space.

The ovens of the series Creative Compact are proposed with the most advanced electronics, can offer up to 60 automatic cooking programs and up to 100 custom programs with the function of storing this simplified on the digital display.

### Control Panel

Dashboard with steering sensor and memory for recipes: ensures easy use of the oven with simplified management

### Oven Cavity

To increase the duration and cleaning the oven interior is stainless steel

### Turntable

Tempered glass and is resistant to high temperatures, helps in the creation of specific cooking with the microwave only

### Keep Warm

Combined ovens Compact, has multiple uses as heat cups and dishes, keep food warm or cook at low temperature, to leaven the dough with adjustable temperature from 40°C to 70°C. Open at the sides of the shelf allow you to remove plates and dishes comfortably without coming into contact with the hot parts; the front is at room temperature and the closure is cushioned.

### Electric grill

Allows a wide variety of useful applications and cooking mixed, which enhance taste and aesthetics of the dishes.

### AUTO Recipes

Automatic cooking programs of the tastiest recipes, already programmed and edited, and also space for recording your preferences

Also available is a matching 75cm or 76cm Trimkit to match this oven perfectly with ILVE's 75cm or 76cm pyrolytic ovens
