

60cm Built-in Gas Oven

600 SVGI

ILVE's new 600 Series compact ovens are the culmination of 2 years of research and development to bring Australian homes a oven that has the technology, sophistication and appearance that embodies the ILVE brand whilst having many functional advantages over its competitors.

The new size of the cooking cavity provides more cooking space and maximises the full internal size of the oven. Our new ULTRA-Clean light grey, nickel-free enamel interior reduces the toxicity of materials in contact with foods and is easy to clean. The Full size inner door glass provides a panoramic view from the outside of the oven door of what is inside the oven, its fill width also enables easy cleaning with no crevices for food scraps and residue to get trapped.
