Pictured: • X370 Island Hood

ILVE's Island range hoods are designed to stealthily keep your kitchen fresher and cleaner. We all adore the scrumptious smells that billow from your favourite dishes in the kitchen, but not when those smells become stagnant within the home. ILVE's rangehoods are designed to stealthily keep your kitchen fresher and cleaner. Their powerful high speed fan removes cooking odours, smoke and vapour from the kitchen, while extremely fine filters trap all grime. It features intelligent features like the new ECO-booster, auto fire shut-down sensors and a filter cleaning reminder light. The smart timer function can be set for an automatic turn off leaving you to your culinary masterpiece at hand. In-built LED Lights produce a natural brightness, illuminating your cooking area while the streamlined electronic control panel ensures whisper quiet air extraction is at your fingertips. Either as a visual focal point or discreetly integrated, it is easy to see that ILVE Rangehood's are built to extract!

# Island Range Hood

## X370

### X 370 ISLAND RANGE HOOD

#### FEATURES

- Designed and purpose built for ILVE appliances
