Get inspired, Get creative, Get out of your comfort zone & Get lost in the moment!

True to ILVE’s pedigree in ultimate performance cookers, the NEW PRO-Line series acts as the starting point to the latest range of ILVE’s famous freestanding cookers.

ILVE’s PRO-Line Series features our new and improved brass burners that have an even, instantaneous heat that lets you simmer at low temperatures or instantly increase to searing hot. They also feature a new non-stick nanotechnological coating. The new coating is heat resistant meaning that your burners will look newer for longer. It also not only repels water, but all other liquid substances such as oil which makes cleaning that much easier. Available in five colours and two sizes - 60cm and 90cm, PRO-Line by ILVE is an easy choice to make.

Also as apart of the new PRO-Line range ILVE’s freestanding ovens incorporate our new oven cavity. Our new cavity is larger than before and our new oven cavity incorporates a new rear oven wall featuring 2 air flow gills designed to spread heat more evenly and efficiently around the oven cavity improving the cooking result and increased internal illumination and grey enamel cavity. Our full piece glass inner door is easy to clean and the internal accessories are easy to remove.
FREESTANDING: PRO-LINE

60CM PRO-LINE COOKER SINGLE OVEN WITH 4 BURNER GAS COOKTOP
L06WMP

MULTIFUNCTION OVEN CONTROL
Delayed start and stop with the programmable timer. 9 cooking functions.

COOL DOOR WITH REMOVABLE TRIPLE GLASS
Safe for children, perfectly insulated thanks to the three glass panes, easy to clean thanks to the new structure of the door.

A WIDE RANGE OF COLOURS AND FINISHES
5 standard colours - Stainless Steel, Matt Graphite, Antique White, Bright White & Red Burgundy

BURNERS WITH DOUBLE LINE OF HOLES AND SLANTED FLAME
Perfect release of power and optimal distribution of the heat.

HOB STRUCTURE IN AISI 304 STEEL WITH A THICKNESS OF 10/10
