A highlight of the NEW Majestic range is its 4.3inch touch control display with intuitive & vibrant graphics and logical operation. Touch and sliding movement controls are smooth and easy to use. Within the TFT display you can control the oven temperature and manage the quantity of moisture inside the cooking cavity. Another new feature to the Majestic series is the Steam Valve - offering the possibility of choosing between dry or humid cooking. That way you can get a crispy bread or a tender and juicy roast all from the same oven.

The burners have been redesigned still made from brass, they guarantee excellent durability and the non-stick nano technological coating provides a lotus effect for easy cleaning also now standard, a DUAL control WOK burner.

Not excluded from the range are the standard functions you expect from ILVE, including the electric rotisserie, precision thermostatic control, concealed grill element, programmable timer and turbo wave cooking feature, not to mention the digital food monitor.

The unique style of the Majestic Freestanding Ovens stands out above the rest and to enhance this, ILVE offers the ability to create a customised and individual look. Pick one of seven colours with brass, chrome, bronze or the NEW copper fittings; and select from five available sizes. Also available are matching range hoods with infrared heat lamps (AM series). Living up to expectations, ILVE is bringing incomparable design, choice and functionality to the Australian kitchen.
ACCUARATE ELECTRONIC TEMPERATURE CONTROL

For optimal cooking: reducing temperature spikes, encouraging uniform cooking & assists in energy saving.

---

STEAM RELEASE VALVE

Our new function that removes the cooking steam from the oven cavity, offering the versatility of dry or humid cooking. This will give you crispy vegetables or a tender and juicy roast.

---

QUICK START & DEFROST

Fast oven preheating function to quickly reach the desired temperature. With a temperature of 30/40° it also perfectly defrosts your frozen meats.

---

A WIDE RANGE OF COLOURS AND FINISHES

Eight standard colours that can be integrated with any RAL colour code, on request.

---

BRASS BURNER RING

Brass is a noble material that guarantees excellent durability and the non-stick nano technological coating facilitates easy cleaning.
